Celebrate your belly and your baby-to-be! Artistic nude or semi-nude shots are available. Partners and children are encouraged to participate in the session.

During - Birth Photography

Preserve the anticipation and joy of baby's arrival. Let Kelli help you tell the story of one of the greatest days of your life. Kelli will remain with you throughout your labour and for the first while after birth and quietly and discretely capture this amazing experience. Relive these precious moments in the future with the Stories in Motion DVD that you receive with the Birth Photography package. This package is \$500 and includes a \$50 print credit.

Family Portraits

Tell the story of your family through portraits, an artistic legacy to last for generations.

Best of Both Worlds

\$300 (includes a \$50 print credit)

Can't decide if you want a studio or location session? This way you can have both! We begin in the studio for one hour then head to a favourite local spot (within 30 minutes from studio) to capture more of you and your family for another hour.

After - Baby Portraits

\$200 (includes a \$50 print credit)

There is always a right time for baby portraits; the freshness of a newborn, the funny faces of a six-month old, or the antics of a one-year old.
